

## WHO WE ARE

A service provided by Mid-Delta, we are a skilled health care team operated by clinicians. With over 70 years of combined experience, we take pride in teaching patients how to manage their disease process using their own resources. We will support you by taking the fear out of your circumstances through the power of education based on your providers treatment plan.

TELEHEALTH.**

## OUR GOALS

01

Educate and support patients, their families, and caregivers to confidently manage their illness

02

- Decrease hospital admissions, readmissions, and ER visits

03

- Communicate real-time data directly with the patient's treating provider to improve individualized care

04

- Improve the quality of daily living for patients and caregivers
